ONLY ONE COUNCILMAN ABSENT

Miss Maggie Miles Claims Damages for Broken Wrist, Which She Sustained by Falling on Daniel Garmans Pavement the Night before Christmas.

WILL NOT SIGN WATER CONTRACTS

Council commenced at 7:30 with President Keller in the chair and the following members present: Gerberich, Lowery, Houser, Sheffer, Wetzel, Garrity and Tripple. Valentine was the only absentee.

The minutes of the previous meeting were read by clerk Isaac Mitchell and there being no corrections they stood approved.

Verbal and written communications were called for. Chief of the Fire Department, Joseph Wise sent in a report of the recent disasterous fire which destroyed Jenkins & Lingle's foundry, Reynolds mill and other valuable property. He said that they had trouble with the water supply as there is only a 3 inch pipe used to supply Willowbank and South Potter streets and Reynold's avenue.

Wm. C. Heinle appeared before council to claim damages for Miss Maggie Miles daughter of John Q. Miles, who on the night before Christmas fell on Daniel Garman's pavement and broke her right arm at the wrist. It is feared she will never regain the use of her arm. The doctor's bill was $25.00 and they were willing to settle the whole thing for $75.00.

Ellis L. Orvis, Esq., of the firm of Orvis, Bower & Orvis appeared before council to ask them to grant a franchise to the Central Commercial Telephone Company to erect poles and string wires through the streets and alleys of Bellefonte with the usual restrictions as to place etc. This company proposes to have its headquarters at Bellefonte and will give employment to quite a number of people here.

C. M. Bower, Esq., also spoke in the interest of the new telephone company.

Mayor Naginey complained of the condition of the alley from the Catholic church to cherry alley.

Chairman Lowery of the Street committee reported the repairing of Dunlop street bridge. Repairing Thomas street. Draining water street and hauling cinder. Property owners request street committee to repair patent pavement between Garman's hotel and Court house.

Chairman Gerberich, of water committee reported that during recent fire a plug in front of Hamiltons had been broken. Have planted shrubbery and graded around water works. Water contracts have not all been signed many refusing to do so.

Chairman Sheffer chairman of Fire and Police Committee reported that the new hose recently purchased stood the test all right. Division fencewill be built between Public building and Curtin property, Mrs. Curtin agreeing to pay $5.00 on it.

Chairman Lowery of Nuisance committee reported the people were complaining of the dumping of ashes and filth on Dunlop street in the rear of REPUBLICAN office.

The Finance committee then handed in the following report.

Bal due Treasurer April 6th 1898.		$ 493.97
Boro Orders Paid	$933 66

Bal due Treasurer May 2nd 1898		1074.73

The case of Maggie Miles was refered to street committee to investigate and report at next meeting.

An ordinance was drawn up and passed granting a franchise to the Central Commercial Telephone company.

The following parties have refused to sign water contracts: St. John's Episcopal church, F. W. Crider, J. D. McKee, Jenkins & Lingle, 1st National Bank, William Storm, Peter Mendis and McCalmont & Co. The water committee was ordered to cut off their water supply without further notice.

The council ordered the Burgess to extend thanks to the fire departments of Lock Haven and Tyrone for their willingness to come to our assistance at recent fire and to offer to pay any expense which they might have incured.

Complaint in regard to alley from Catholic church to Cherry alley refered to street committee with power.

The following bills were approved and orders drawn.

Death at Bald Eagle.

David Woomer died at 9 o'clock p. m. Monday at his home in the Woomer Settlement, near Bald Eagle. Mr. Woomer had been a sufferer from Bright's disease for some time, but his death came very suddenly. He was aged about 62 years. and had lived in the neighborhood where he passed away, all his life, having been a farmer by occupation.

The deceased is survived by his wife, and six children who are: St. Clair Woomer and Mrs. Gertrude Nearhoof, of Vail; Lemuel A. Woomer, of Altoona; Mrs. Lomie Lewis, of Jersey Shore; and Warren and Eva B. Woomer, at home.

A consistent and loyal Christian, Mr. Woomer was a member of the Bald Eagle Methodist church. The funeral will take place this Thursday morning, the cortege leaving his late home at 10 o'clock for the Bald Eagle church where services will be conducted by the pastor.

A SUDDEN CALL

Battery A's Commander Receives Notice to Leave Soon.

Mount Gretna May 3—It was learned early this morning that Battery A, Captain Barclay H. Warburton, had been directed by the war department to be prepared to leave here within forty-eight hours recruited up to a full standing of a battery on a war footing. This necessitated Captain Warburton to leave at once for Philadelphia, and with a detail of ten men and a sergent he left on a special train furnished by the Pennsylvania railroad. The train arrived in Philadelphia at 1.12 o'clock this morning. The battery will be recruiteb by Captain Warburton to the required strength in Philadephia to-day.

Sentenced to the Reformatory.

James Reed, John Houtz and Charles Lucas were last week convicted of stealing brass from Bush estate. Monday morning they were called up before court and sentence was passed. In the case of John Houtz and Charles Lucas sentence was suspended. James Reed was sentenced to the Huntingdon Reformatory.

—John R. Brown, postmaster of New Castle, has resigned his office and a salary of $2,500 a year to go to the war as private at $156 a year. Mr. Brown is a patriotic example to his brother Federal officers.

MADRID, May 2—10:15 a. m.—A cablegram from Admiral Montijo, to the Spanish government, says that his fleet has been completely destroyed by the Americans.

Admiral Dewey's fleet is beseiging Manila and a bombardment is expected at any minute. The citizens are fleeing panic stricken to the hills.

LONDON, May 1.—1:15 p. m.—The government has received a dispatch from the British Governor of Straight Settlements saying that the American fleet defeated the Spanish fleet in a 2 hours' engagement. Spaniards suffered heavy loss but American loss was comparatively light.

Admiral Dewey's orders permit him to bombard Manila if necessary and it is supposed he is doing that at present.

MADRID, May 3rd, 12:15 a. m.—The city has just been placed under martial law. Lieutenant General Dalan, Captain General of Madrid, has assumed charge, and the first military patrols have just appeared in the Puerto Del Sol. The whole garrison is ready in barracks.

MADRID, May 3, 2 a. m.—The mob tried to break into the Appollo Theatre to hold manifestation, but the police prevented. Windows were broken before the crowd was dispersed.

KINGSTON, Jamaica, May 3.—11:45.—The Spanish troops have evacuated Bayano, one of the most important cities in the Province of Santiago De Cuba, and it is now occupied by the insurgent army.

Bayano is a town of 7,000 inhabitants and is about 20 miles from Manzanilla on the Southern coast of Cuba. This is interpreted on the London stock exchange to mean that the war will be of short duration.

LONDON, May 3.—12:30.—It is rumored here that the British minister at Washington is to be recalled and that a high official of the British foreign office is to be substituted. The only theory that can account for this is that they desire to further cement the friendly relations between Great Britain and the United States.

LONDON, May 3,—1:15 p. m.—Despatches from Madrid indicate that the Spanish government is about to concentrate its forces with the intention of making one supreme effort to defeat the American navy in Cuban waters. Until this is done they will suffer no interference from any source whatever.

Since the crisis in the Spanish cabinet has been passed the government is more determined than ever not to surrender.

A BOLD ROBBERY.

Store of J. S. Keichline Burglarized Early Sunday Morning.

Sunday morning between the hours of 3 and 4 o'clock, robbers gained an entrance to the green grocery and cigar store of J. S. Keichline and stole goods to the amount of $25.00. This was one of the boldest robbery's ever committed in this place. Situated as this store is on one of the main streets of our town and with window blinds up and lights burning all night it took a pretty bold robber to undertake it.

Indications are that there were several implicated in the act, in fact they were seen by a women living on the other side of the street whose name by request we refrain from publishing. The woman was so badly frightened that she could not give the alarm until the robbers had secured the plunder and made good their escape.

It is said that she can identify at least one of the parties. She can give a description of his height, build and dress but says his face was evidently blackened.

The robbers gained an entrance to the store by smashing a small pane in the show window and then reaching through and unlatching the door. Mr. Keichline can't estimate his exact loss but thinks it will be about as we state above. The goods taken were principally cigars and and tobacco. The authorities have a pretty good clue to work on and it is believed the theives will soon be apprehended.

Promotion For Dewey.

Washington, May 3.—Representative Grout, of Vermont, to-day introduced the following joint resolution:—

Whereas, The intrepidity and skill displayed by Commodore George Dewey in his daring attack upon the Spanish fleet in Manila harbor, and its total destruction, covered as it was by the protecting guns of surrounding forts, mark him as the possessor of high qualties as a naval commander, therefore.

Resolved, That he ought to be promoted to the rank of admiral and the President is hereby authorized to nominate him for that rank to the Senate, which body is hereby authorized to confirm him, the general laws regulating promotions in the navy to the contrary notwithstanding."

Furnace to Be Blown in.

HARRISBURG, May 3.—The Lochiel furnace, in this city, which has been idle for many years, is being put in running order to be blown in. The furnace will be started in a month to manufacture speigle iron for the exclusive use of the Pennsylvania Steel company.

—A noteworthy serial, to be begun in the issue of The Youth's Companion for the week of May 5th is "The Making of Zimri Bunker," by William J. Long, one of the foremost of the younger story-writers of America. A son of Nantucket, Zimri Bunker, bore a heroic part in the war of 1812. The story of the stirring deeds of battle around Nantucket's shores is largely founded on actual occurrences.

—Lieut. H. D. Wise of the United States Army was the first American to make a flight through the air by the aid of kites. In an article he has written for The Youth's Companion of the week of May 5th he tells the story of the evolution of the kite from a toy to a scientific instrument, and explains some of the uses to which it can be put in modern warfare.

—Very interesting services were held in several of the churchs' Sunday in honor of Christian Endeavor day. Miss Rhena Mosher, a very entertaining talker addressed a children's rally in the Court House at 3:30 P. M., and also at a union meeting in the Presbyterian chapel at 6:00 P. M., and later in the evening spoke in the U. B. church.

WAITING FOR OFFICIAL NEWS

No Word Yet Received From Commodore Dewey.

GOOD REASONS FOR THE DELAY

Much Anxiety Is Felt As to the Casualties Sustained by the American Fleet in this Battle.

DEWEY TO BE MADE AN ADMIRAL

WASHINGTON, May 2.—It is a curious fact that the nation most directly interested of all the great powers in the combat that took place at Manila yesterday should be among the last officially to know the result. Up to the close of office hours today absolutely the only information that our government had received of the brilliant victory that Commodore Dewey and the winning of the battle of Manila on May day came to the government through the medium of the press despatches. If the report is true, that Commodore Dewey has begun a bombardment and blockade of Manilla it is unlikely that he can spare a vessel from his fleet to carry the news to Hong Kong, the nearest cable station; so it is not known when official advices will come.

There was some expectation that through the surrender of the city the Commodore might acquire control of the cable, but even then there might be practical difficulties in communicating through it. The officers of Commodore Dewey's fleet include at least one lieutenant who is a good practical electrician and telegrapher, but it is not known positively that he is able to work a cable successfully. Second, a fear is entertained that before retiring from the city the Spanish troops will smash the delicate and complicated electrical apparatus for the reception and despatch of messages, and it is very uncertain whether there is enough technical skill in the American fleet to repair such damage without aid from the mainland. The mere cutting of the cable as reported by the Spaniards is not regarded as particularly serious, since being hemmed in port by the American blockadeing fleet the Spaniards would not be able to make the cut far off shore, so that the cable could be easily grappled and repaired.

The greatest anxiety is felt as to the casualties sustained by the American fleet. From the stubborn defense made by the Spaniards, it is feared that before they burned, blew up or sunk their ships they managed to inflict severe damage upon Commodore Dewey's squadron.

It is entirely possible that Commodore Dewey may secure his promotion to the rank of Admiral through the splendid exhibition of pluck, discretion and sailor qualities he made in yesterday's engagement. The naval law, however, does not permit of promotion, except by seniority, so it would probably be requisite for Congress to pass a special resolution such as was done in the case of Commodore Melville to afford him his well earned promotion.

The War Department is bending all its energies to the mustering in of volunteers' and the recruiting of the regular army to its full war strength of 61,000 men. In a few days all the troops that have been ordered to Tampa are expected to reach that place, and the eight large transports which are to conduct the first expedition to Cuba have been ordered to proceed to Cuba. The officials, however, decline to make public any information regarding the place in Cuba where it is to land.

From Key West.

KEY WEST, May 2.—More naval officers from the big ships were ashore to-day than at any time since the fleet sailed from Cuban waters. Although the blockade is still being maintained by the smaller cruisers, an important movement is being planned. What it is, however, can only be conjectured.

The day has been barren of actual news. The sole topic of conversation to-day was the overwhelming victory of the Asiatic squadron at Manila. The officers and men of the fleet here are jubilant and Commodore Dewey's daring in runing the batteries and achieving what is considered likely to be the greatest triumph of the war, but they long for a similar opportunity and hope the significant conferences and movements of the past twenty-four hours indicate that it is not far distant.

General Correa Tells the Spanish Deputies of the Bombardment of Matanzas A Rumored Note from Germany.

GENERAL WEYLER WANTS TO FIGHT

LONDON, April 29.—The Daily *Mail* hears from Singapore that a naval battle is momentarily expected in Manila bay.

HONG KONG, April 30.—Reported from Manila, American squadron sighted off Bolinao, north of Manila, but weather too stormy for fleet to communicate with insurgents.

MADRID, April 29.—A great impression has been produced here by a rumor that the German government has issued a note declaring that it will not oppose the landing of troops in the Philippines, but will not permit a bombardment, owing to the important German merchantile interests in all the towns of the islands. Germany's omission to declare neutrality is held to give color to this rumor.

ST. VINCENT, Cape Verde Islands, April 29.—The Spanish fleet sailed from here this morning under sealed orders. This evening, however, two Spanish transports (probably the San Francisco and the Ciudad de Cadiz) returned here with three Spanish torpedo boats (most likely the Azor, Rayo and Ariete) owing to a collision. The Spaniards say two of the torpedo boats have been slightly damaged. They claim the boats will be able to put to sea again tomorrow.

MADRID, April 29.—The minister of war, General Correa, in the chamber of deputies to-day, replying to inquiries for particulars in regard to the bombardment of the forts at Matanzas, said the government had decided to publish "all the news received, good or bad."

Continuing, General Correa told the deputies that the United States squadron fired sixty projectiles and that the only victim was a mule, a remark which aroused laughter among the Spaniards. The general next informed the house that the American warships were injured by the fire of the Spanish batteries, and continuing, he asserted that the insurgents were acting in conjunction with the United States forces as they advanced in the direction of Matanzas while the bombardment was proceding. "But," added the minister of war, "they were completely routed." In conclusion General Correa remarked: 'It was a glorious day for the Spanish arms"

MADRID, April 29.—Official circles do not believe Americans can land at Matanzas as the bay is full of torpedoes:

Weyler in the senate to-day urged the government to take the offensive against America. He justified his administration in Cuba.

Captain General Blanco, in his report of the bombardment of Matanzas, says the French and Austrian consuls have entered protests, on the ground that no previous warning was given.

The Voz Espanalo, of *Manilla*, describes the port of Manilla as impregnable. Says six other principle ports in the Philipines are well supplied with guns chiefly Krupp.

THOSE WHO BREAK THE LAW

An Exciting Day in the Criminal Annals of Centre County.

Friday proved a most exciting day in the criminal annals of Centre county. Two very sensational cases were disposed in our courts of justice and the police made two important arrests of parties charged with tearing down and stealing bunting and flags from private places.

The most sensational case was the one against Rev. J. H. Erdman formerly pastor of the Evangelical church at Centre Hall, charged with adultery.

Mr. Erdman has a wife and several interesting children and had been very successful in church work up until the time he met Miss Celia Noll while holding a revival at Lauvertown. Then his downfall came and his usefulness in church work was at end. He was arrested twice, the first time on the information of T. E. Crust, of Lauvertown. But this case was withdrawn on condition that he leave the county and cease his intimacy with Miss Noll. He left the county and went to Shamokin, but did not mend his ways. For this reason he was re arrested on information furnished by John Stover, of Pleasant Gap. This ended in yesterdays trial. Erdman was found guilty and sentenced to six months in the county jail $1,00 fine and costs of prosecution.

The next case of interest was that of the seven boys from State College charged with stealing chickens, turkeys and other produce from farmers in that vicinity and selling them to hucksters. Some evidence was heard which clearly established their guilt and then they all were allowd to enter pleas of guilty. The prosecutors were John Corrigan, Sr. and his son James. The latter was implicated in the stealing but turned State's evidence. William Johnstobaugh plead guilty to stealing 25lbs of butter from the State College creamery. He was sentenced to the Huntingdon Reformatory.

The rest plead guilty to stealing chickens, etc. Frank Gross and James Corrigan were sentenced to the Huntingdon Reformatory. Willis Stevens, John Gillen, J. F. Sowers and John Corrigan were sentenced each to $1,00 fine, costs of prosecution and 30 days in jail.

Ever since the outrage perpetrated Tuesday night in the tearing down of the flags and bunting from the different business places and private residences in town; the police have been making determined efforts to apprehend the guilty parties. Their investigation ended yesterday in the arrest of Charles Solt and Wm Lucas on this charge. It is believed that more arrests will follow.

LATER—Since the above was written we learn that Solt and Lucas have settled the case by paying the costs which amounted to six dollars. Let this be a lesson to them in the future.

Uncle Sam Does Not Show Up so Bad in Foreign Waters—All are Reported to Have Sailed.

WE HAVE 9 WAR SHIPS IN POSITION.

LONDON, April 28.—The Hong Kong correspondent of the Times says the American squadron sailed direct for Manila at 2 o'clock Wednesday afternoon.

MADRID, April 28.—An official despatch has just been received from the governor at *Manila*, capital of the Philippine island, in which he announces that he expects hourly to hear of an engagement between the Spanish and American squadrons. There is great rejoicing here at the report of the capture of the American bark Saranac at Iloil, Philippine islands.

WASHINGTON, April 27.—The United States Asiatic sqadron, mobilized at Mirs bay, China, consists of the flagship Olympia, one of the best cruisers afloat, Captain C. V. Gridley, Rear Admiral George Dewey, commander in chief, and these vessels: Cruiser Baltimore, Captain N. M Dyer; cruiser Boston, Captain Frank Wildiez; cruiser Concord, Commander Asa Walker; cruiser Raleigh, Captain J. R. Coghlan; gunboat Petril, Commander E. P. Wood; Dispatch boat Hugh *Mc* Culloch; steamer Nanshan, store ship; steamer Seafiro, collier.

The Spanish fleet at the Philippine Islands may be able to resist the United States fleet for a short time with the assistance of the guns from the Spanish forts, but otherwise the American vessels would make very short work of the Spanish squadron, which consists of the following vessels; Cruiser Reina Cristina, cruiser Castilla, cruiser Telasco, cruiser Don Juan De Austria, gunboat Paraduay, gunboat Ulloa, gunboat El Cano, gunboat General Lezo, gunboat Marquez Del Duero, transport General Alava, transport Manilla, tranport Cuba.

MADRID, April 27.—The Spanish torpedo boat destroyer Audaz, which was ordered to leave Queenstown by the British officials, because of the neutrality proclamation on *Monday* last, arrived at Ferrol at noon on Tuesday, after having steamed 600 miles in thirty one hours.

LISBON, April 27.—The state council meets tomorrow in order to decree the neutrality of Portugal during the war between Spain and the United States, after which the Spanish fleet must leave the Cape Verde Islands. In view of this, it is announced, several Portuguese warships have started, or are able to start, for the Cape Verde Islands.

There are no warships of the beligerents in any Portuguese ports excepting the Spanish fleet at St. Vincent, Cape Verde Islands, which, it is expected, will put to sea today.

THE DEPARTURE OF CO. B.

If there is a city in this broad land that can display the genuine patriotic spirit with greater force than Bellefonte did Wednesday of last week, we would like to know where it is located. The enthusiasm of old war days was rekindled in the hearts of the veterans, and those to whom the scene was looked on with awe and wonder as five thousand cheering men and women bid the boys in blue Godspeed and gave them a heartfelt blessing as they departed in response to the nation's call. It was a day that will never be forgotten. In the opinion of conservative onlookers it was the greatest, the most enthusiastic and the most patriotic demonstration in the history of Bellefonte.

The mass meeting in front of the Court House, the first feature of the great event, was a remarkable gatheringin itself. The fervent eloquence of the speakers fired the hearts of the audience, and every one present endorsed the sentiments expressed that it is a just war in which we are engaged, because it is a war of humanity. The generous nature of the American people was manifested by the action taken for the formation of a Volunteer Reserve and the noble impulse to provide for and see to the comfort of those dependent on soldiers at the front. The family of a Bellefonte soldier will not be required to suffer while he is in the service of his country as long as those who remain are able to come to their aid.

The send-off given the departing troops must have made their hearts swell with pride. They carried with them the well wishes of the people generally as well as the prayers and blessings of their own loved ones. Surely Bellefonte covered herself with glory, and the patriotism of her people will never be doubted.

It is warm and weary work that the woman has to undergo who cooks the year 'round for a big family. Thousands of women whose husbands are only in moderate circumstances have to bear this hardship uncomplainingly. If a woman is in thoroughly good health it does not come so hard, but when, as is frequently the case, the poor woman is suffering from the pains, nervousness, debility and ill-health that are a result of weakness and disease of the distinctly feminine organism, the task is too much.

Under these circumstances, unless the right remedy is used, the poor woman will soon break down completely and fill an early grave. Over 90,000 women have testified to the marvelous merits of Dr. Pierce's Favorite Prescription. Many of their names, addresses, photographs and experiences have been published by permission in Dr. Pierce's Common Sense Medical Adviser. The "Favorite Prescription" cures all weakness and disease of the delicate and important organs that bear maternity's burdens. It makes them well and strong. It builds up the nervous system. It makes weak, sickly, nervous, fretful women strong, healthy, amiable wives. All medicine dealers sell it.

"My youngest daughter, Mrs. Julia Raphe, was all run down with nervous prostration and lung trouble," writes Mrs. Julia Ann Gibson, of Nickerson, Reno Co., Kansas. "She took Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' and was cured."

If you want to read the testimonies and see the photographs of many grateful patients who were cured by Dr. Pierce's remedies send for Dr. Pierce's Common Sense Medical Adviser. Besides telling about these cures it tells about the home-treatment of all diseases. 1,008 pages. Over 300 illustrations. CATARRH SUBJECTS

This dread malady lurks behind the most incipient head colds, and when the seeds of disease are sown steals away the beauty bloom and makes life pleasures a drudgery.
DR. AGNEW'S CATARRHAL POWDER will cure the incipient cold and the most stubborn and chronic Catarrh cases. It puts back the beauty pink and sheds sunshine in its trail.

"My wife and I were both troubled with distressing Catarrh, but we have enjoyed freedom from its distresses since the first application of Dr. Agnew's Catarrhal Powder—it acts instantaneously—gives grateful relief in 10 minutes, and we believe there is no case too deeply seated to baffle it in a cure."—Rev. D. Bochnor, Buffalo, N.Y.—4

NEW LIGHT IN MEDICINE

Power of the Specialist in Treating Grave Diseases.

His Advantage Over the General Practitioner—How the Best Treatment May be Obtained for an Insignificant Sum.

Even a layman, who never sees a medical paper, must marvel at the great advance the science of healing has made in the last few years. A decade has seen more advancement, more light, than all the seventeenth and eighteenth centuries.

This condition has been brought about very largely by the researches of specialists, who have made some particular organ of the body their special study.

How to provide the advantages of special treatment to the afflicted who have been unable to secure it, has been a problem many have tried to solve. That it is practicable has finally been demonstrated by H. H. Warner, the original proprietor of the world-famed Warner's Safe Cure.

Mr. Warner's years of experience in the treatment of kidney diseases led him to believe that equally good results could be obtained by offering the public special treatment for the several classes of disease to which mankind is liable. Since he severed his connection with the Warner Safe Cure Company, some five years ago, he has been working out his present plan, and has formed the Warner Nazaro Medicine Co.

He has completed arrangements with a number of the leading specialists of Greater New York, to give advice and treatment to people who could not otherwise avail themselves of their services. In this way special treatments will be prescribed for each class of disease, and special advice given to each patient.

Among the diseases for which special treatment can be had are, scrofula and all blood and skin diseases; nervous prostration, insomnia, chronic headaches, and all nervous disorders; rheumatism and gout; acute and chronic catarrh; diseases and weaknesses of women; special diseases of men; indigestion and all stomach disorders.

Warner Nazaro Medicine Company's Consulting Parlors. The Board of Specialists Diagnosing Cases and Prescribing Medicines that Cure.

This plan of special treatment places within the reach of all, the experiences of men who have devoted years of study to their respective specialties. Many diseases that have baffled the skill of the general practitioner can thus be successfully treated. Chronic cases are especially desired. The company invites correspondence from every one suffering from any ailment from which they have been unable to secure relief. Its physicians are among the ablest in the profession, and have been marvelously successful in their practise. Do not delay. Disease does not stand still. You are daily, hourly drifting farther from the possibility of a restoration to health. The method of obtaining relief is simple. Write out a history of your case, making the statement as complete as possible. Send this to the Warner Nazaro Medicine Company, 220 Broadway, New York City, when a complete diagnosis of your case will be made by a competent specialist. If you prefer, a symptoms blank will be sent you free on application, which will greatly assist you in describing your case. The well-known business ability of Mr. Warner, and the fact that he has done so much for suffering humanity in the past, are ample assurances of the genuineness of this, his latest and greatest work. Write today.

Some Pointed Questions

Does your urine contain any sediment? Is the lower part of your back sore, weak and lame? Does your urine have a whitish, milky color? Is there a smarting or scalding sensation in passing it? Does it pain you to hold it? Do you desire to urinate often, especially at night?

If you have any of these symptoms, your Kidneys are diseased and your life is in danger. More people die of such disorders than are killed in wars.

Dr. David Kennedy's Favorite Remedy is a direct and sure cure. It goes straight to the seat of diseases in the Kidneys, Bladder and Blood. It hunts out and drives from the system all the impurities that cause pain in the back, Stone in the Bladder, Bright's Disease, Urinary Troubles, and diseases of the Stomach and Liver. It acts at once. There is no long waiting to see if it will help.

"For years I suffered with my Kidneys," writes THOMAS QUACKENBUSH, of Pittsfield, Mass. "The pain in my back was so severe at times that I was obliged to keep to my bed. I suffered awfully when passing water, which was often discolored with blood. I tried almost everything in the shape of medicine, but nothing seemed to help me. One day I got a bottle of *Dr. David Kennedy's Favorite Remedy* and used it but a little while when it braced me right up. My back became all right, no pain at all; my water cleared up and passed from me without pain, and I grew better in every way. I consider it a great medicine, as it has done wonders for me. My wife uses it for female complaint, and thinks it's the finest medicine in the world."

Sample Bottle Free.

Every man and woman who reads this paper and is in need of medicine, is invited to send full postoffice address for a free trial bottle of *Favorite Remedy* to the DR. DAVID KENNEDY CORPORATION, Rondout, N. Y. Our offer is genuine, and the fact that it appears in this paper is a guarantee that the trial bottle will be sent prepaid. Don't delay in writing, and *mention this paper.*

THE UNITED STATES BATTLE-SHIP IOWA.

A STRANGE RITE.

ONONDAGAS AND IROQUOIS TO REVIVE AN ANCIENT CUSTOM.

"Burning the White Dog"—An Indian Religious Observance Which Few White Men Have Witnessed—Portends That Paganism is Gaining Ground.

The Onondaga Indians and their brothers among the Iroquois are said to be planning to revive the ceremony of burning the white dog. This is one of the most ancient religious rites of the Iroquois nation, dating back far beyond the time when the white man first came to know them; but it has not been observed of late, except at rare and irregular intervals. The fact that the Indians now wish to revive this rite is only one of a number of indications that go to show the firm hold which the traditions of his race have upon the red man.

SACRIFICE OF THE SACRED WHITE DOGS.

The old English recipe, "How to cook a rabbit," started off by saying, "First catch the rabbit." So, in the sacrifice of the dogs, the first and most difficult thing was to secure a pair of white dogs. In order to make the rite effective it was considered necessary that the dogs be perfectly white, without a dark hair on their bodies, and the Indians would go almost any length to secure such animals. The dogs were treated with especial care, and made as sleek and fat as possible before the sacrifice. It was regarded as a great honor to be appointed to care for these sacred beasts.

At the appointed time the braves and their families gather at the council house. The variety of bright colors in the dress of both men and women makes the assembly look like a piece of brilliant tapestry. Everybody is smiling and happy.

First comes the dance. The crowd gathers in silent rows about the long hall, while the musicians occupy an open space in the centre. A dried deerskin is tightly stretched between upright posts. This is the drum, which is operated on by the chief musician. His assistants have horns partly filled with shot, or gourds containing beans, which they rattle in time with the drummer. The "music" that they make would ruin a white man's nerves in short order, but it seems to fill the Indians with the same sort of joy that a boy derives from firecrackers and torpedoes. As soon as the musicians strike up the eldest chief of the tribe rises and begins shuffling about the floor in time to the rattling gourds and booming drum. The others follow in the order of their rank, with the women at a respectful distance. As the dance goes on the time quickens, until presently a circle of leaping, shouting savages is whirling about the room, executing the most grotesque and violent figures. With short intermissions the dance is kept up till almost morning, when the dancers retire to prepare for the final ceremony.

Just as the sun comes peeping over the tree tops the braves alone gather for the sacrifice. The two dogs are dangling by their heels from a rude wooden cross, and they have been carefully strangled, so that not a hair of their smooth white bodies is ruffled. About their legs and necks are tied bright ribbons, and their breasts are covered with gayly covered blankets.

A heap of brushwood has been gathered, and the elder of the tribe now proceeds to light it, always using the spark from a flint, for only virgin fire can be used for this solemn rite. As the pile blazes up two young braves spring forward, and, taking down the bodies of the dogs, bear them to the elder, who places them on the fire, at the same time calling on the Great Spirit to observe him. As the blaze rises higher the elder, or chief priest as he might be called, throws handfuls of dried odorous herbs upon the pile, at the same time pronouncing an oration to the Great Spirit for the benefit of his friends who are gathered about. This oration he keeps up until the fire has burned itself out, and the victims are entirely consumed.

A Fairy Grandfather.

Sir Edward Burne-Jones was much distressed to see his favorite grandson punished by being stood in the corner with his face to the wall. So he hit upon an expedient to beguile his favorite during the period of penance. The next time the wee man was sent to the invariable corner he found it charmingly decorated with fairies and elves, flowers and trees, birds and bunnies. "If he has to go into the corner," commented Sir Edward, "he shall at least have something agreeable to look at while he is there."

France Ready for War.

PARIS, April 29.—The "Aurore" announces today that extraordinary activity prevails in naval and military circles throughout France. At Brest there is much comment on the fact that work at the arsenal continues until 6 o'clock every night and the workmen are employed all day Sundays.

Large orders for war materials of all sorts have been placed and all the coast batteries have been supplied with provisions and munitions sufficient for several months.

It is also announced that fresh batteries have been erected at Ushant, that all the French warships recently mobilized are kept in fighting trim, and ready for sea at a moment's notice, and that the reserves have been notified to expect a call for active service.

Dr. David Kennedy's Favorite Remedy
CURES ALL KIDNEY, STOMACH AND LIVER TROUBLES.

—A lodge of Knights of the Golden Eagle was instituted at Milesburg last Friday night. Quite a number from this place were in attendance.

The big, hearty, healthy man is a continual irritation to his dyspeptic friend. Constipation is the root of nine-tenths of the sickness of men, and of a large proportion of the sickness of women. It can be cured easily, naturally and quickly. Nature is continually working as hard as she can to throw off impurities, and to force out poisonous refuse matter. When there is an impediment, Dr. Pierce's Pleasant Pellets set the wheels working again without any trouble. They assist nature in a gentle healthful, efficient way. There is nothing violent about their action, and yet it is just as certain as if it were twice as violent. "You do not become a slave to their use". They are different and better than any other pill for the cure of constipation, headache and kindred derangements. Almost all druggists understand this, and are conscientous enough to tell you so. The druggist who tries to sell you a substitute is not a safe man from whom to buy medicine. Send 21 cents in one cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

National Endorsement

At a meeting of the National Horseshoers' Association, held in the City of New York, October, 1896.

The merits of the Neverslip Horse Shoe and Calk were carefully considered. After full discussion they decided to adopt them and to recommend them to all blacksmiths.

It was proved that Neverslip Shoes were better than other shoes and wore longer.

It was also proved that Neverslip Calks saved the horseshoer time and money, were better for the horse, saved money for the owner and a step in advance of the old method.

Everybody wants to know how the cost compares with the old method. Go to your blacksmith, have him put on a set of Neverslip Shoes, these will cost no more than the old shoes. Then buy fifty calks, costing from 3 to 4½ cents each, according to size of your horse, one wrench for removing calks, costing one dollar, and you are fitted for the winter.

POLITICAL ANNOUNCEMENT

LEGISLATURE.

We are authorized to announce the name of JOHN A. DALEY, of Curtin Township, as a candidate for the Legislature, subject to the decision of the Republican county convention.

PROTHONOTARY.

I hereby announce my name as a candidate for Prothonotary, subject to the decision of the Republican convention.

A. C. WILLIAMS,
Huston Twp.

Delegate to State Convention.

The friends of John M. Dale, Esq. are urging him to be a candidate for delegate to State Convention, subject to the approval of the Republican county convention, and we understand that Mr. Dale has consented to serve his friends in this capacity. The convention could not do better than to send him as their representative. He is an old time Republican, always true to the best interest of the party and will serve them to the complete satisfaction of everyone.

disloyalty to ours.

MADRID, May 2.—3 p. m.—The Spanish loss is estimated at 400 killed.

RIO DE JANEIRO, May 3.—The Spanish gunboat Temerario has arrived here. The U. S. Battleship Oregon and gunboat Marietta are still in the harbor.

It is expected that a fight will take place between the vessels shortly after they leave this port.

KEY WEST, May 4.—12:20.—Admiral Sampson's fleet sailed this morning and an important engagement is looked for in the near future. It is not known whether he intends to intercept the Spanish fleet on their way from Cape Verd, but this is supposed to be his object. Ever since the consultation of officers held on shore Tuesday it has been known that some important movement was pending.

HONG KONG, May 4.—12:25—The despatch boat "Hugh McCulloch" has arrived here with important despatches giving an account of the battle of Manila. The "Hugh McCulloch" is the despatch boat of Admiral Dewey's fleet.

GIBRALTER, May 4.—2:05.—The British ship "Lady of Clemmil" was stoned and mobbed out of the bay of Maloga this morning. The Spanish are losing no opportunity to show their displeasure at the friendliness of England for the United States.

KINGSTON, Jamaica, May 4.—2:09 p. m.—Trouble of a serious nature to British interests has broken out in Santiago de Cuba and three British war ships were dispatched there this morning. Spanish hatred of the British for their friendliness to the United States is causing much trouble and if not stopped at once the British home office will advise prompt action on the part of Her Majesty.

KINGSTON, May 4.—2:30 p. m.—It is rumored that the British consul at Santiago de Cuba was attacked by a mob while protecting American interests. As a last resort he was compelled to kill the leader of the mob by which act the consulate has been thrown into a panic.

Many Rumors Concerning the Army.

WASHINGTON, April 29.—General Miles and his assistants were in conference at various times today respecting military operations that are to be undertaken in the occupation of Cuba. They all maintain the strictest reticence concerning the result of the deliberations and have adopted the policy of making nothing public regarding them. Even the regular army movements are not divulged, and none of the officials would confirm the reports published today that the infantry regiments at New Orleans and some of the troops at Chickamauga are to proceed without delay to Tampa. General Shafter, who commands the brigade at New Orleans, left tonight for that place accompanied by his adjutant, Colonel Babcock.

The Cuban representatives in Washington were at Generals Mile's headquarters today and were consulted in regard to various steps which would arise in connection with the co-operation of United States troops with the insurgent forces in Cuba.

The strength and permanence of the business improvement which followed the rejection of free coinage and the enactment of the Dingley law, are shown by the fact that in the important lines it moves forward in the face of actual war conditions. A recent dispatch from Pittsburg, commenting upon the condition of the iron industries, which are looked upon as an important business barometer, says that the pig iron output this month is the largest in the history of the country. While reports from the iron mines of Lake Superior show great activity and prospects for the heaviest iron production ever known.

Proof is what the people say.
Bellefonte people say.
Doan's Kidney Pills cure sick kidneys,
Cure all kidney ills.
Hundreds of citizens testify to this.
Here is a case in point.

Mr. Geo. Cox, residing on what is known as Half Moon Hill, says: "I can conscientiously recommend Doan's Kidney Pills judging from what they did for me. I had suffered intensely from pains in my back and lameness across my kidneys. Statements in the paper about Doan's Kidney Pills which were highly recommended attracted my attention and I called on F. Potts Green, the druggist, and got a box. They did me a great deal of good although I did not take them as regularly as I should, for the moment the pain ceased and I felt better I stopped taking them. They gave me the greatest relief and I can give them the credit for saving me much suffering."

The United States is now shipping steel rails to Russia as well as to Australia. A recent announcement from Australia shows that American bidders were successful in obtaining a contract for the delivery of a large lot of steel rails for use in that country even against bids coming from England and Germany, and now come reports that the new Siberian railroad is to be metalled with American steel.

Unbounded enthusiasm has been aroused all over the country by the remarkable acrobatic performance of the wonderful Foy Family, one of the latest importations with Ringling Bros.' famous big circus.

WASHINGTON LETTER.

From Our Regular Correspondent.

WASHINGTON, D. C., May 2, 1898.

President McKinley has every reason to feel highly gratified with the progress of the war as well as with the progress of the preparations for more active work. Our new navy has shown itself to be a worthy successor to the old navy, the fighting record of which has never been surpassed under any flag. This week the army is to have its first chance of participating in the war, unless the reported coming of the Spanish fleet changes the President's program. A landing in Cuba is to be made by a portion of the regular army, for the purpose of establishing a base of supplies for the Cuban army and giving it a chance to see what it can do when it has modern arms and plenty of ammunition, while the volunteer army is being gotten into good fighting shape. Naval officials only fear that the reported coming of the Spanish fleet is untrue. They wish them to come either to attempt to relieve the Cuban blockade or to attempt to attack our coast cities. Should they do either they would give us an opportunity to put a speedy end to the war by destroying the Spanish navy. While hoping for their coming, the average naval officer believes that we shall have to cross the Atlantic before getting an opportunity to fight the Spanish navy.

While the administration is not disposed to indulge in any boasting or to cross any bridge before they are reached, it can be stated upon unquestionable authority that this government will not change its policy or method of conducting the war against Spain for any diplomatic protest from Europe, whether made by one nation or six nations in concert, not even if supported by a naval demonstration in force, such as France appears to threatening to make. It was known when Commodore Dewey was ordered to proceed to the Philippine Islands and capture a port to be used as a base of supplies for our Asiatic squadron that European protests were likely to be made against such action, but that did not change or effect in any way the orders. We are not inviting trouble with any other European nation, but if any of them feel disposed to give Spain something more substantial than their moral support they will not stampede us with fright. Such action would only mean an extension of the war; it would not change the result—victory for the U. S.

The democratic roll of honor containing the names of those who voted with the republicans for the war revenue bill passed by the *House*, which, in addition to numerous new internal revenue taxes, mostly the same that were imposed during the civil war, authorizes the issue of $600,000,000 in 3 per cent bonds, is not a long one. There were only six of them—Cummings, McClellan and Griggs, of N. Y.; Fitzgerald, of Massachusetts; McAleer, of Pa., and Wheeler, of Ala. A few democrats declined voting at all on the bill. Two republicans—Linney, of N. C., and Thorp, of Va.,—voted with 129 democrats and populists against the bill, while 175 republicans and six democrats voted for it. A majority of the democratic Senators, all of the populist Senators, and all of the so-called silver republican Senators are going as far as they dare to go in opposition to the war revenue bill in the Senate, but a canvass of the Senate has shown that enough democrats will vote with the republicans to insure the passage of the bill, substantially as it came from the House, and as every attempt to filibuster will be at once shown up not much delay is expected in reaching a vote on the bill in the Senate. The eight or ten democrats who will vote with the republicans for the bill will be headed by Senator Gorman, who, after many years service as chairman of the democratic caucus, has resigned that position largely because in supporting this bill he will be acting against a majority of the democrats. It is but justice to say that those who oppose this bill claim not to be actuated by any desire to hamper the fighting power of the government. They seem to have an idea that the issue of bonds authorized by the bill—the only quick way to raise a large sum of money—is in some way an infringement of the rights of their idol, the silver Mumbo-Jumbo, and they are therefore opposed to it. The people will probably mostly agree with the republicans, that this is an almighty poor time to be splitting hairs over the financial question.

As some recent visitors to Washington have expressed surprise to find all kinds of government business going on just as though there was no war, it may be well to state that the war has not and will not interrupt in the slightest degree the business of the Patent office, the Pension office, or of any bureau of the civil departments of the government. To fight the war to a successful ending is important, but a continuation of the material progress of the country is far more important. Controller of Currency Dawes says: "The banks were never in sounder condition or better prepared to serve the interest of the governments and their customers than at present," and it may be added that the entire government was never better prepared to serve the people than at present.

Ringling Bros.' famous and popular circus represents a cash investment of $3,700,000. The cost of operating this stupendous enterprise will be over $1,200,000 this season.

He is Here Yet.

Oh, the man who howled the loudest
A month or so ago—
Who was mad because the President
Was "so infernal slow"—
Whose blood was fairly boiling,
Who was sweating bloody sweat—
Have you noticed that he's loafing
Around the corner yet?

The Frenchmen are beginning to realize the advantages of the American protective tariff. The Paris "Journal" in a recent article on wages in the United States, say that operatives in the Massachusetts shoe factories earn $15 a week while those in Europe similarly employed earn only $4 a week, and adds. "The wool manufacturers of the United States underbid those of the old world, the woolen and cotton factories are infringing upon the products of European looms, and even the American bicycle is crowding out those of our own manufacture.

The Cabinet changes of the past few days have been the results of the necessity for hard work, long hours, and constant activity, which the war has brought with it, and not because of any changes in the sentiment of the President toward the retiring members. Secretary Sherman, who celebrates his seventy-fifth birthday next month, has been a half century in public life and always a hard worker, and it is not surprising that he found that he could not stand the strain of long hours, heavy responsibilities and the excitement of those resposibilities in war times.

After Typhoid Fever

Did Not Get Over the Weak, Languid Feeling—Terrible Itching and Burning on Limbs and Hands.

"After I had typhoid fever, for a long time I could not get over the weak and languid feeling. I had no appetite and was taken with a terrible itching, burning heat on my limbs and hands. I was treated for a long time, but I did not get any better. I could not eat or sleep. A friend advised me to try Hood's Sarsaparilla, and I procured a bottle and began taking it. In a few days I felt better and could eat and sleep. I continued taking Hood's Sarsaparilla until I was entirely cured." MRS. R. AVERY, Bergen, N. Y.

"My little girl was almost blind, owing to a scrofulous trouble. We resorted to Hood's Sarsaparilla and today her eyes are perfectly well and she is the picture of health." B. C. ALLEN, 221 West 61st Street, New York, N. Y.

Hood's Sarsaparilla

Is sold by all druggists. Price $1; six for $5.

Hood's Pills are the only pills to take with Hood's Sarsaparilla.

Spanish Losses Were Heavy.

MADRID, via Paris, May 1.—The French ministry of marine has received despatches stating that the American fleet was obliged to retreat after a terrible engagement. The Spanish losses were heavy. American ships were severely damaged.

A BACKWARD SPRING.

Brings Blood Diseases, Nervous Derangements and Chronic Catarrh.

Never was there a greater demand for spring medicines—something to cleanse the blood, strengthen the nerves, or regulate the digestion. Is there any medicine so good for these purposes as Pe-ru-na? Thousands of doctors, druggists and tens of thousands of people of all classes and vocations have long ago decided this question—that Peruna has no equal in these cases. Poor, shrunken dyspeptics become strong, vigorous, and hearty after a few bottles of it. People who are blotched, pimpled and sallow and sluggish never fail to find a course of Peruna to clear the skin invigorate the system and enrich the blood. Chronic catarrh in all phases and stages, that have defied the best of treatment for many years, take a few bottles of Peruna to their entire relief. Nervousness, debility, weaknesses of both sexes, sleeplessness, irritability, despondency, hypochondria, all these disappear when Peruna is used according to directions.

One of the most instructive books on chronic catarrh ever furnished free is being sent by the Peruna Drug Manufacturing Company, Columbus, Ohio. This is very instructively illustrated with expensive drawings, and will be sent free to any address.

SPANIARDS SUFFER DEFEAT

Commodore Dewey's Fleet Routes Admiral Montijo's Ships

SEVERAL SPANISH SHIPS DESTROYED

At 9 O'clock Sunday Morning the American Squadron Took Refuge Behind foreign Merchant Shipping—Commander of Maria Christina Killed.

CONSIDERABLE LOSS OF LIFE

LONDON, *May* 1.—While it is quite clear that the Spanish squadron has suffered a crushing defeat, the dispatches leave unclear the intensely interesting question whether the American squadron has suffered material damage. All news thus far comes from Spanish sources, but it seems evident that Commodore Dewey has not captured Manila. Unless he is able to make another attack and capture the town, he will be in an awkward position having no base upon which to retire and refit.

Probably, therefore the United States squadron will be obliged to make for San Francisco, as the entrance to Manila bay was heavily mined with torpedoes. Commodore Dewey displayed great pluck and daring in making for the inner harbor. According to private advices received from Madrid, the United States cruisers Olympia and Raleigh and two other vessels, the names of which are not given, entered the harbor.

No dispatches give details as to the vessels actually engaged on either side. It appears to be incorrect that the American ships finally anchored behind the merchantmen on the east side of the bay. It should be the west side.

The probabilities are that the second engagement occurred through the Spaniards trying to prevent the landing of the American wounded.

MADRID, May 1.—6:30 p. m.—Advices from Manila say the American squadron, under Commodore Dewey, appeared off the bay of Manila at 5 o'clock this morning and opened a strong cannonade against the Spanish squadron and forts protecting the harbor.

The Spanish second class cruiser Don Juan De Austria was severly damaged and her commander killed. Another Spanish vessel was burned. The American squadron retired, having sustained severe damage.

A second naval engagement followed, in which the American squadron again suffered considerable loss.

The Spanish warships Mindanao and Ulloa were slightly damaged. During this engagement the Cavite forts maintained a steadier and stronger fire upon the American squadron than in the first engagement.

The following is the text of the official dispatch from the governor general of the Philippines to the minister of war, Lieutenant General Correa, as to the engagement off Manila:

"Last night, April 30, the battreies at the entrance to the fort announced the arrival of the enemy's squadron, forcing a passage in the obscurity of the night. At daybreak the enemy took up positions, opening with a strong fire against For Cavite and the arsenal.

"Our fleet engaged the enemy in a brilliant combat, protected by the Cavite and Manila forts. They obliged the enemy with heavy loss to manoeuvre repeatedly. At 9 o'clock the American squadron took refuge behind the foreign merchant shipping, on the east side of the bay.

"Our fleet, considering the enemy's superiority, naturally suffered a severe loss. The Maria Christina is on fire and another ship, believed to be the Don Juan De Austria, was blown up.

"There was considerable loss of life. Captain Cadasso, commanding the Maria Christina, is among the killed. I cannot now give further details. The spirit of the army, navy and volunteers is excellent."

Midnight.—A late official telegram says Monotojo has transferred his flag to the cruiser Isle De Cuba from the cruiser Maria Christina, which is completely burned.

According to a late official telegram, the Spanish cruiser Castilla was also burned. The other ships retired from the combat, some being sunk to avoid their falling into the enemy's hands.

El Heraldo says Monotojo changed his flag during the engagement or between the two encounters the better to direct the manoeuvres. Thus he escaped the fate of the Christina's commander.

The second engagement was apparently begun by the Americans after landing their wounded on the west side of the bay.

WHO SHOULD VOLUNTEER.

We find an editorial in an issue of the Philadelphia Times under the above title, which is so seasonable and so eminently just that we reproduce it herewith.

The National Guard of Pennsylvania has been summoned to camp, and a requisition has been made upon this state for 10,000 volunteers to serve for two years, or during the war with Spain.

The National Guard was not organized for any other than local defense, and it is not specially a part of its duty to volunteer to serve in foreign wars. The members of the guard are in precisely the same position as every other ablebodied citizen of the state. They are free to volunteer, or not to volunteer, as they may prefer.

It will be assumed by many because they are members of the guard and also because many of the guard will willingly volunteer, that those who refuse to do so may be open to criticism, but such is not the fact. If an extreme emergency confronted us, it would be the duty of every citizen of military experience to volunteer, but Pennsylvania could fill her quota by volunteers twice or thrice over without a single member of the guard joining.

There are many members of the guard who can conveniently go to war, and who would prefer to do so, while there are many who, by reason of their business or the dependence of others upon them, could not volunteer without making a serious and at this time an entirely needless sacrifice. No member of the guard should, therefore, be expected to volunteer simply because he is a member of the body; and it should not be regarded as exhibiting a want of patriotism or courage for any member of the guard to say frankly that he could not afford to go unless the necessity is imperative.

Doubtless most of the officers of the National Guard will propose to raise regiments, and it is eminently proper that they should do so. They would be glad to have as many of their trained local militia as can go conveniently, but the ranks of any regiment can be filled up in forty-eight hours by opening the doors to volunteers outside of the guard. Considering that probably five times the quota called for in this state will be offered within a very few days, there is no necessity whatever for men to volunteer who are so situated in life as to make it necessary for them to suffer great sacrifices by going to the field.

There are people in this country who have no intention of enlisting in the federal service, but who have no hesitation whatever about criticizing with great severity other citizens who do not find it convenient to enlist at the present moment because no great emergency presents itself and because of duty to their families. They should read the above.

FROM MT. GRETNA.

The National Guard Now Settling Down to Work.

FIFTH FIRST ON THE FIELD

Camped in the Mud but Yesterday the Weather Was Finer—Only One Case of Sickness Has Been Reported, Etc.

ROUTINE OF THE DAY ARRANGED

MT. GRETNA, PA., April 29th, 1898.

The camp of the Pennsylvania militia was formally opened at sunrise today when the flag at division headquarters was swung to the breeze and the guns of Battery B belched forth the national salute of twenty-one guns. The experience of the soldiers last night sleeping in the mud, around bivouac fires in freight cars and wherever they could get shelter had no ill effects except in one instance. Private Samuel Manaah, of the Fifteenth regiment, was taken ill with pneumonia and was sent to Lebanon hospital. The officers and men of the various regiments expressed considerable satisfaction over the result of Gov. Hasting's efforts to secure a modification of a call for the State's quota of volunteers to the end that the entire division might be able to go. All the regiments have more than the necessary number of men wanted on their reserve list. Many of the officers believe that the president will even consider the wishes of the soldier body so far as to appoint the present general officers, but under the modifications only present regimental officers are secure.

The work of obtaining volunteers will begin tomorrow morning. Inspector General Morrell arrived at the camp this evening and orders were at once issued for inspection and muster, beginning at 8 o'clock tomorrow morning. This will continue all day. After each command has been inspected, the inspector general will read Gov. Hastings' call on the guard for volunteers, and will also inform them that it is not compulsory. Immediately following the company commanders will report those in their commands who have consented. Gov. Hastings and staff are expected to be present.

There was but little done at the camp today. The work delayed by the storm yesterday was completed in the morning and there were regimental and company drills in the afternoon. The official report of officers and men present is not yet complete. The Second brigade reports 3,202 present, 6 absent, the latter with leave, and the Third brigade reports 39 absent and 2,732 present. The average of men present is higher than it has been in years. Major Thompson, Second Cavalry, and Captain Paxton, Fifteenth Infantry, U. S. A., are expected to begin recruiting on Monday.

The following camp routine has been established in the general orders issued by Major Snowden: First tcall 5 a. m.; fire one gun at 5:30; police call 6 a. m.; mess call, breakfast, 6:30 a. m.; sick call 7:30 a. m.; guard mounting 8 a. m.; drill 8:30 a. m.; mess call, dinner, 12 m.; evolutions of regiments, brigade and division 2 p. m.; parade 6 p. m.; mess call, supper 7 p. m.; retreat sunset; tatoo 7:30 p. m.; taps 10 p. m.; roll call at reveille and tattoo.

HAPPILY WEDDED.

A Very Pretty Wedding at Milesburg, Wednesday April 27.

A very pretty wedding took place in the Presbyterian church at Milesburg Wednesday April 27 at 6:30 o'clock. The contracting parties were Miss May Ellen daughter of the late Mr. Augustus Smith, and Mr. Charles L. Peters, both of that Borough. The ceremony was performed by Rev. W. O. Wright, pastor of the church.

Miss Nan Schofield, of Bellfonte, presided at the organ, and rendered the Lohengrin wedding march and other appropriate music.

The church was tastily decorated with potted plants and flowers.

The ushers were Messrs. James Wright and Ellis Bierly, who after seating the invited guests as they arrived at the appointed hour escorted the bride and groom to a position in front of the pulpit where the ceremony was performed, and was witnessed by a large number of friends of the young couple.

After the ceremony a reception was held at the residence of the bride's mother, Mrs. Susan Smith, where the happy couple were most heartily congratulated by their many friends.

A wedding supper of the choicest kind was served to which all present did full justice.

The newly wedded pair were escorted by their young friends to the 8:30 p. m. train, and showered with rice and best wishes, they departed for Williamsport and other points East.

The bride was dressed in cream mull, and carried a boquet of roses. She is a very estimable young lady and will prove a true a helpmate to the husband of her choice. Mr. Charles is an industrious and very worthy young man and will make a model husband.

Narrow Escape from Fire.

The little villiage of Coleville had a narrow escape from a serious conflagration Thursday night. When John Garbrick's son went to open Mr. their store Friday morning he found the store room strongly permeated with the smell of smoke. On examination he discovered that where a small box filled with sawdust and used as a spittoon had stood, there was a hole burned through the floor about two feet square. It had evidently caught from a match or cigar stump being thrown in the box. After burning a hole in the floor the partly burned box fell into the celler below and there died out. This store is situated in the heart of the villiage and had the fire got headway it would have resulted in great loss.

HOW are the children this summer? Are they doing well? Do they get all the benefit they should from their food? Are their cheeks and lips of good color? And are they hearty and robust in every way?

If not, then give them

Scott's Emulsion

of cod liver oil with hypophosphites.

It never fails to build up delicate boys and girls. It gives them more flesh and better blood.

It is just so with the baby also. A little Scott's Emulsion, three or four times a day, will make the thin baby plump and prosperous. It furnishes the young body with just the material necessary for growing bones and nerves.

Gold continues to pile up in the Treasury and in the hands of those who have been making sales of our merchandise abroad during the past year. The amount in the Treasury now reaches, in round numbers $180,000,000: the order of gold for import during the past sixty days have run at the rate of about a million dollars a day and the amount of circulation is now $125,000,000 in excess of the amount in circulation at the date of the Chicago Convention of 1896, while the gold production of the world is increasing with greater rapidity than ever before, exceeding in 1897 that of any preceding year while that of 1898 promises to do still greater.

The authorship of the much-discussed "Inner Experiences of a Cabinet Member,s Wife," printed in The Ladies' Home Journal, will be revealed in the June issue of that magazine, when the name of Anna Farquhar will appear as the author. The author of these letters was born and raised in Indianapolis, in neighborly relations with the Harrison and Miller families, but for ten years past she has lived a studious professional life in New-York, London, and Boston, She is now connected with the editorial staff of The Boston Transcript. In addition to her "Cabinet Member's Wife" letters she has published one novel- A Singer's *Heart*"- and another one is about to be issued. She is a young woman, exceedingly clever and only her closest friends have known her connection with the Washington letters which have attracted such wide attention. The Ladies Home Journal Phil.

POWDER WORKS EXPLODES!

Six Workmen Killed and Four Seriously Injured.

TERRIBLE SCENE WAS PRESNTED

The Works Were Situated in an Isolated Spot Seven Miles From Dover, N. J.—First Explosion Caused By Spark From Pipe of a Careless Smoker.

A FEW MEN MANAGED TO ESCAPE

EASTON, Pa., April 28.—The town of Dover, in Morris county, N. J., and the country within a radius of twenty miles, was startled this afternoon by a series of terrific explosions, the first of which occurred at 2:10 o'clock. The explosion occurred in the Atlantic Powder Company's works and the plant is now a complete mass of ruins. Six workmen were killed and four others were seriously injured, some probably fatally. Their remains have not yet been recovered.

The works were situated in an isolated spot, seven miles out in a rough country from Dover. There were ten buildings in the group, and all of which have been destroyed. The first explosion occurred in one of the packing houses, caused, it is thought, by a spark from the pipe of a careless smoker. The concussions set off the explosives in another packing house nearby. Debris and burning timbers of the wrecked buildings were carried high into the air and fell in a shower over the remaining buildings, setting fire to the main factory and the other five packing houses and the two shell houses. In a brief time the explosives in these buildings were set off and left death and destruction in their wake.

The works have been running night and day turning out rush orders for the United States government, and a large amount of ammunition ready for shipment was stored in the packing houses. This, with all other stores, was completely destroyed. The scene presented at the place was most terrible. People who felt the shocks and saw the flames of the burning structures flocked to the place for miles around, but could render no aid to the injured. The people were terrified and held back in constant fear of other explosions. A few men who were in the buildings managed to escape and they ran about the country bewildered.

They could give no intelligent account of the cause of the explosion. When the wives and relatives of the employes of the factory approached the buildings the scene was most heartrending. Women tore their hair and ran about in a pitiful manner.

It was near 5 o'clock before the ruins had cooled off sufficiently to be approached, and none of the onlookers could be induced to go near the spot.

The bodies of the dead were horribly mangled. The head was missing from some, while here and there lay legless and armless trunks. Many of the injured were cut and maimed so badly that some of them cannot recover. The loss cannot be learned at this writing. The dead are: Alfred Rarick, William Stumpf, Casper Ray, David Scheer, William Haycock and Elias Abers.

All the killed were married and have families.

CASTORIA.
Bears the Signature of Chas. H. Fletcher. The Kind You Have Always Bought

His Generous Offer.

There are many ways in showing one's love for country these days, but the method taken by Wilson Kistler, of Lock Haven, is of a twofold character—patriotic and helpful. Saturday afternoon Mr. Kistler informed his married employes at the tannery that if any of them volunteered their services in the war against Spain he would pay their families half time wages and would pay their rent during the time they were engaged in the service, and that their situations would be open for all honorably discharged employes upon their return.

DEATH OF HUGH GLENN.

An Old Citizen of Bellefonte Passes Away Friday Morning.

Friday morning at quarter of six the angel of death entered the home of Mrs. Jane Brown on Howard street and took hence the spirit of her brother, Mr. Hugh Glenn, an old and highly respected citizen of Bellefonte.

Mr. Glenn's death was not unexpected as he had been suffering for over a year from kidney trouble. He was born in County Antrim, Ireland, June 21st 1827 and was aged 70 years 10 months and 8 days. In 1846 he came to this country and engaged in farming in Bald Eagle Valley. He became quite well off and finally retired coming to Bellefonte where he has resided for many years.

The deceased is survived by one brother and two sisters, namely, Mr. Robert Glenn and Mrs. Nancy Browers, of Buffalo Run, and Mrs. Jane Brown, of Bellefonte. His wife whose maiden name was Clark preceeded him to the grave 20 years ago. He leaves no children.

The funeral took place Sunday afternoon at 3 p. m. Interment in Union cemetery. Dr. Wm Laurie conducted the services.

Will Rebuild Phoenix Mills.

Col. W. Fred Reynolds has announced his intention of rebuilding Phoenix Mills on a larger scale than ever. The fire had hardly died out until he was receiving bids for the erection of a new one.

It is the firm's intention to build the new building of buff brick, with slate roof. The inside walls will be finished like those outside and steel doors and fittings will be used to make it perfectly fire proof. The main building will be 45x66 fronting on Willowbank street, with a one-story ware house at the west end. The rail-road track will swing around to run along the entire front of the plant. The new building will not be as large as the old one was, being 40ft shorter, but it will be designed especially to cover the new process machinery and space will be economized wherever possible. The shortening of the building will leave a greater distance between it and the large grain tanks, so that future fires will not be as disastrous to them as the last one was. The capacity of the old mill was 150 barrels a day. The new one will be a 212 barrel mill, making a considerably larger out-put from a smaller building. It is expected that the new plant will be in full operation by August 1st.

DR. DAVID KENNEDY'S Favorite Remedy
The one sure cure for The Kidneys, Liver and Blood

Taken to Hospital.

Mr. Henry Comer, of Milesburg, left on Apr. 26, for Philadelphia to enter Pennsylvania hospital for the purpose of having his eyes operated upon. He has been blind for the last year or more, caused by erysipelas. He was at the hospital six months ago but was only partially operated upon, the eyes not being in proper condition at the time. He is an old soldier, a good citizen, and has the warmest sympathy of the community in his affliction an all hope he may be successful in regaining his sight.

ASTHMA'S PROGRESS.

From Cold to Cure.

No relief in other remedies.

There are many medicines that palliate asthma. There are few that do more than relieve for a time the oppressed breathing of the sufferer. There are few diseases more troublesome and more irritating than asthma. It interferes alike with business and with pleasure. It prevents enjoyment of the day and makes the night a terror. A remedy for asthma would be hailed by thousands as the greatest possible boon that could be offered them. There is a remedy for asthma. Dr. J. C. Ayer's Cherry Pectoral has cured hundreds of cases of this disease, and testimonials to its efficacy from those who have tried the remedy are multiplying with every year. The cases presented in the testimonials that follow, may be taken as exemplifying the quick and radical action of this great remedy.

"About a year ago, I caught a bad cold which resulted in asthma so severe that I was threatened with suffocation whenever I attempted to lie down on my bed. A friend recommending Ayer's Cherry Pectoral, I began to take it, and soon obtained relief, and finally, was completely cured. Since then, I have used this medicine in my family with great success for colds, coughs, and croup."—S. HUTTER, Editor "Kolink" (Polish), Stevens Point, Wis.

"While on the Gasconade River, Ga., I caught a severe cold which resulted in asthma. After taking doctors' prescriptions for a long time without benefit, I at length made use of Ayer's Cherry Pectoral, and was completely cured."—H. G. KITCHELL, Greenwood, Miss.

"Some time since I had a severe attack of asthma, accompanied with a bad cough and a general soreness of the joints and muscles. I consulted physicians, and tried various remedies, but without getting any relief. Finally I took Ayer's Cherry Pectoral, and in a very short time was entirely cured."—J. ROSELLS, Victoria, Tex.

Dr. J. C. Ayer's Cherry Pectoral is known the world over as one of the most effective medicines for the cure of coughs, colds, croup, whooping cough, asthma, bronchitis, and all affections of the throat and lungs. It is not, as are so many cough medicines, a mere "soothing syrup," a temporary relief and palliative, but it is a radical remedy, dealing directly with disease and promptly healing it. In response to a wide demand Dr. Ayer's Cherry Pectoral is now put up in half size bottles, sold at half price—50 cents. More about Dr. Ayer's Cherry Pectoral in Ayer's Curebook. A story of cures told by the cured. Sent free, on request, by the J. C. Ayer Co., Lowell, Mass.

MILITIA AT MT. GRETNA

Snow, Rain and Hail Met Them on Arrival at Camp Ground.

SLEPT UNDER WET CANVAS

The First Regiment Had Hardly Arrived Before Snow Began to Fall and Cold North Wind Swept Across the Valley.

BUT THE BOYS BORE IT BRAVELY

MOUNT GRETNA, Pa., April 28.—The Pennsylvania militia to-day received the first test of its grit and endurance of the present campaign, when the entire division assembled at Mount Gretna as a result of the president's request upon Governor Hastings for volunteers. Snow, rain and hail were the distinguishing features of the soldiers' advent and to-night the men sleep under wet canvas and on ground ankle deep in mud.

Long before daylight the clouds began to assume a threatening aspect and the first of the regiments had hardly arrived before snow began to fall and a cold north wind swept across the valley. By 8 o'clock the storm had increased in severity and those regiments of the Third brigade already arriving suffered intensely from the cold wind. The snow was wet and, as the big supply teams began dragging the camp equipage across the parade grounds, the wheels sank deep in the ground. By noon hail began to fall and cut into the faces of the men, making life, especially in the field, generally disagreeable and, to a considerable extent, arduous. There was not a murmur from the ranks.

Each man bore himself as steadily and obeyed orders as promptly as if the most pleasant weather prevailed. Rain followed the hail, and kept falling until the middle of the afternoon. Officers and men alike floundered around in the mud as best they could, all showing a grim determination to prove to the state that its militia are not fair weather soldiers but can manifest the same soldierly qualities under stress of difficulties.

The regiments began arriving as early as 6 o'clock in the morning, when the Ninth, under Colonel C. Bow Dougherty, reached the camp with every man in the ranks. The regiment left Wilksbarre at 9.10 o'clock last night. Immediately after the Ninth came the Thirteenth Colonel Coursen commanding, and the Twelfth from Williamsport, Colonel Coryell in command. Then followed the remaining commands of the Third brigade. General Gobin and the Third brigade staff arrived shortly before noon, and at once took possession of brigade headquarters. General Wiley and the staff officers of the Second brigade came into camp while the hail storm was at its worst. The regiments of this brigade followed soon after in quick succession.

Major General Snowden and staff arrived about 4 o'clock. Owing to the late arrival of many of commands it was decided to postpone the formal opening of the camp until sunrise to-morrow, when a salute of twenty-one gun will be fired. Governor Hastings, Secretary Martin and Adjutant General Stewart came to the camp at 5 o'clock this afternoon and, after visiting General Snowden, returned to Harrisburg.

As quickly as the various commands reached the grounds their respective camps began to assume form and in a few hours where before had been a big clearing, rows of white tents dotted the surface of the ground. This work had no sooner been completed, before as many of the soldiers as could possibly get away went into Lebanon and purchased extra supplies.

There was such a demand for rubber boots that before dark it was hard to obtain any for love or money and the dealers were forced to send rush orders to the wholesalers for extra shipment.

From a military view, the situation of the camp is excellent. The infantry is located along the edge of the railroad facing north, with the Third brigade, General Gobin being the senior brigadier general, on the right. Adjoining the Third, the regulation distance intervening, come the men from the western part of the state, with General Wiley's headquarters overlooking them from the south. The First brigade is on the extreme left and occupies good position Immediately to the south of the camp, at the base of a spur of South mountain, Batteries A. B. and C. and the three troops of cavalry are located.

To the west of the grounds, Major General Snowden and the division staff have their quarters on the summit of a knoll, which commands an entire view of the long stretches of canvas away to the east.

To-night there was but little done at the camp. The men were tired and worn out by their travel and the work incident to the erecting of the tents. Bonfires were built, before which the men dried their clothes. To-morrow the real work of the camp will begin.

The Costa Rican Counterfeiters.

for many months the Costa Rican counterfeiters have been issuing bogus notes of the government of the island until the amount, it is said, has reached $1,000,000. Inspectors of the secret service bureau were chiefly instrumetal in bringing the malefactors to justice. The efficiency of the secret service is undoubted. but it is by no means a secret, but a patent fact, that the service that Hostetter's Stomach Bitters does the weak, nervous and dyspeptic is of genuine value. There have been from time to time counterfeits of it, as there are of the gennine Costa Rican notes, but the miniture note of hand on the label and the vignette of St. George and the Dragon, coupled with the exquisitely finished typographical work, are not successfully imitable. Any one who has used the Bitters knows its admiabler qualities and the features of the exterior of the bottles. This agreeable tonic absolutely prevents and remedies malaria, rheumatism, liver complaint, kibney trouble and dyspepsia.

Weyler Hatred at Patton.

The young Americans of Patton the other evening, armed with guns and headed by a drum corps, dragged a dummy of Weyler through the streets, then bound the figure to a tree and riddled it with bullets, and as a final act of their vengeance, threw the dummy into a creek. The boys returned to their headquarters to the strans of "Yankee Doodle.

STAPLES ARE ADVANCING.

Consumer Will Pay More for Groceries and Provisions.

From a well known grocer today it was learned that the war has already increased the cost of staples. Flour and sugar, two staples of every day life, have felt it, and wholesale prices have advanced.

These movements in prices are bound to be reflected on retail prices, and it will not be many days before the war prices, not imposed by Uncle Sam, but by private companies are felt by the great mass of the consumers.

The advance in the price of flour is the most important. In the eastern cities it has jumped one dollar a barrel but in this section it has been increased only twenty cents, at Lock Haven it has advanced 50 cents. The price of bread in this county remains about the same, but in the larger cities it has been increased from one to two cents a loaf. All grades of coffee have increased about two cents a pound.

In potatoes there is a marked increase. Retailers in this city have been paying eighty cents a bushel wholesale and selling them at eighty-five. A farmer informed a grocer yesterday that he had a large supply of potatoes on hand, but as he can sell them at home for one dollar a bushel, he has increased his price to that amount. Of course this will make potatoes go higher than what they are at present.

Sugar has already advanced a little and higher prices are asked for syrups. Present indications point to higher prices on all goods.

Dropsy and Heart Disease.

A great cure and a great testimony "For ten years I suffered greatly from Heart Disease, Fluttering of the Heart and Smothering Spells, made my life a torment. I was confined to my bed. A GLORIOUS GOOD-BYE.

Bellefonte's Big Send Off for Brave Company B.

TEARS WERE MINGLED WITH CHEERS

Never Before Has Such a Scene of Intense Interest Been Presented In this Home of Brave Men, Always Ready to Answer Country's Call.

5000 PEOPLE BID THEM GODSPEED

One of the greatest demonstrations ever held in Bellefonte took place Wednesday April 27, in honor of the departure for the front of Bellefonte's brave boys in blue, Co. B 5th Regiment National Guards of Pennsylvania. The members of this company are not all from Bellefonte but many come from the surrounding country and all Centre county seemed to have turned out to bid the boys God speed. It is estimated that over five thousand people attended the meeting in the diamond and were at the train to see them off. When the parade came down High street those who were standing in the vicinity of this office saw a sight they will never forget. There was an almost solid mass of people extending from the Court house to the station.

There were many sad scenes enacted at the depot before the train pulled out. Gray haired fathers and mothers were parting from sons, wives were parting from husbands, sisters were biding farewell to brothers and sweethearts were saying goodbye to those they loved. There were tears in many eyes in that vast concourse of people. Let us hope and pray that all may return safely once again to old Bellefonte.

All day Wednesday Bellefonte was filled with bustle and excitement. The boys were at the armory early getting their knapsacks and mess boxes packed and otherwise preparing for the start to the front. When the company fell in to go to the train a full quota of 62 brave boys were there. No shirking or faltering every one was eager and anxious to go.

The citizens of Bellefonte were determined that the boys should have a good send off and so arrangements had been made to that effect. Mayor Frank Naginey issued a proclamation in the morning calling on all the Public schools and business places to close up during the meeting from 3 to 5 o'clock. This was strictly observed by most everyone. The committee in charge of the demonstration was Samuel B. Miller, commander of Gregg Post, George L Potter, Joseph Rightnour and John Noll.

Promptly at 2:30 o'clock the old soldiers of Gregg Post, of this place George L. Potter Post of Milesburg, and other Posts over the county formed in front of Gregg Post rooms and headed by the Consolidated band of Coleville, and Undine band of Bellefonte marched to the armory. Company B fell in line and the parade marched in the following order to the diamond. Undine and Coleville bands, Grand Army Posts, Ex members of Co. B. under Col. Mullen and Co. B. 5th Regiment N. G. P.

The meeting in the diamond was presided over by George L. Potter an ex-officer of Co. B who in an appropriate speech introduced as the first speaker Postmaster David F. Fortney. He made a speech full of eloquence and teeming with wit. He felt sure that wherever Co. B was called to go she would respond promptly and reflect the greatest honor on her native town.

Judge John G. Love was then introduced. He said that the civic court had adjourned in order that they might pay this tribute to the men who had come forward to do the greatest duty of an American citizens that of laying their lives on their country's altar as a sacrifice if need be.

He also warned them against the many dangers lurking in army life. Advising them to avoid dissapation and be cleanly in their habits.

Col. Wilbur F. Reeder then spoke paying a high compliment to the bravery of Company B and said he was confident that where duty called them there they would always be found. He said that the greatest honor a man could have was to defend the liberty of his fellowman.

Captain Hugh S. Taylor was then called on to respond for the company. He thanked the citizens for their kind wishes and sympathy and promised them that Co. B would defend the old flag with their last breath and that Bellefonte need not be ashamed of her soldier boys.

The parade then reformed and marched to the depot in time for departure at 4:44. At the depot the old soldiers divided and Company B. marched between and were greeted with three ringing cheers.

PRAY FOR THE BOYS IN BLUE.

The war is on, our boys must go,
And shoulder arms and march again,
Just as their fathers had to do
A little while agone.
Then lift your eyes to God above,
To Him all good and true,
And friends just pray for those we love.
Pray for the boys in blue.

For mothers' tears and wives' lament
Will follow in their wake,
And anguished eyes look into yours,
And some true hearts will break.
For shot and shell will decimate
Our lines so brave and true.
Then let us kneel before the throne
And pray for the boys in blue.

Our gallant ships that sail the main
Send forth a withering fire;
The sunlight glints on Morro's towers,
Our flag unfurls the higher.
And eyes grow bright that see it wave,
And shouts and cheers so true
Ring out the paean of the brave,
With prayers for the boys in blue.

O hearts be still, with sorrow charged!
'Tis brave thus to die;
The man you love, the sons you love
Than like a coward fly.
Look up! look up! The stars above
Like beacons shine on you
For giving up the ones you love,
Our daring boys in blue.

America gave birth to these,
The pride of all our hearts;
From our broad plains, from land and sea,
From commerce's busy marts.
Gathers this clan of our dear land,
The proud the brave, the true,
Oh, let us on our knees implore
Safety for the boys in blue.

Army Reorganization

The army reorganization bill became a law during the day, and the war department officials have begun to devise the best means of carrying out the purpose of the act, which will result in an increase of the regular army to more than 60,000 men.

In the war departments preparations go on with ceaseless energy for the organization of the volunteer army. All the officers were detailed who are to be sent to the various states and territories to muster the guardsmen into the service of the United States.

The plans for the full organization of the army were also perfected. To provide officers for the regular army and volunteers, Secretary Alger ordered the assignment to duty of all the cadets at West Point academy who would in the ordinary course have graduated in June.

A Volunteer Aged 106.

Flemington, W. Va. April 27. —"Uncle" Tom Allen, who makes his home with Howard Cather, three miles from here, and who this month celebrated his 106 birthday, today applied for enlistment in the West Virginia volunteers. provided they were to form a part of the army which is to invade Cuba. Mr. Allen has already taken part in three wars, the Crimean, Mexican and Cival. In the presence of 300 friends who were attending the celebration of his hundredth birthday when he said in giving a sketch of his life: "I have already served in three wars and will live long enough to go through the fourth." He is also reported to have told ex-President Harrison the same thing in 1894, when they both were guests at Senator Elkins at Hazelhurst.

Mr. Harrison asked with whom the United States would have the next war and he replied: "I don't know, but we'll have a war after a bit, sure." Mr. Allen is an Englishman by birth, and is a bitter enemy of Spain. He says that his life could have no more glorious ending than fighting under the old flag against the dirty Dons.

A LETTER FROM CAMP.

First Experience of Company B at Camp Hastings.

FROM OUR WAR CORRESPONDENT

The Boys Had a Rough Time of It at First, But Stood it Like Men—Expect to Leave Mt. Gretna Next Thursday.

SOME VERY INTERESTING ANECDOTES

Special to REPUBLICAN,

CAMP HASTINGS, Mt. Gretna, April 28.

All glory and honor is due to a soldier for his joys and hardships are the same. We are now in camp and every man is as happy as can be. The boys arrived in Tyrone just as the Sheridan troop was moving to the train, and it seemed that every man, woman and child was filled with the same enthusiasm as our own people at Bellefonte. It was just 6 o'clock when we arrived in that city, and every whistle in town was blown, bells rung and guns fired within five miles distance. Over ten thousand people were at the train to greet the N. G. P. We also had the pleasure of remaining there until 10 o'clock. During the evening fireworks of the finest kind were displayed in the heavens. The boys in general had a royal time in our sister town.

One of the most exciting events which took place during the evening was the attacking of a Spaniard by a mob of men. He displayed his ignorance in many ways, by making fun of the Sheridan troop and of the N. G. P. Although the boys were highly insulted they were too gentlemanly to answer the insult as they were under strict discipline. But a good many of the boys who had called on "Tom and Jerry" did the answering, for they started the fellow on a run into the Ward House, and had it not been for the police he would have been mobbed. Then the Tyrone people seemed overflowing with enthusiasm as they made a body of straw and clothes, representing that of Gen. Weyler, and burned itin effigy. It was the same in Blairsville and Huntingdon and Lewistown.

Company E. of Clearfield, whom we had the pleasure of meeting at Tyrone, were also welcomed in the same manner as we. Before that company left home every young man was presented with a beautiful badge by the Daughters of the Revolution.

Well, on we traveled to Harrisburg and it was nearly time to eat our midnight lunch and have a good time in general. Good natured Sergeant Garbrick had given to him before leaving home a dozen of good bananas. Of course Phil did not care so we all took one as far as they went, and the result was the owner of the bananas had none at all when he came to eat his lunch. Well, then there was Dick Taylor. Dick had a beautiful bible presented to him by a lady friend in Bellefonte and he prized it so highly that when he was asked if it was a pretty one, he had to give vent to his feelings and he exclaimed: "Yes, it is a H—— of a pretty one." Long live Dick. Drummer Roberts was a jolly comrade and every once and a while he would make some breaks, so when passing through Huntingdon, the cannons were being fired off, and whistles were blowing. This seemed to excite Roberts when he said "Gi-gi-give her he-hell boys for tha-tha-that's what we-we-we are going after." Well that brought down the car—every man had a smile on his face for hours afterwards when thinking of Roberts.

Then another good joke which we must tell is as follows: Daley, who is quite a ladies' man, nit, got off at Huntingdon and in some way or other managed to get acquainted with some "birds," and when the train pulled out Daley's hat pulled off. So he is serving police duty for letting the girls have his cap. We sympathize with the boy from the bottom of our hearts. He gave us some warm political speeches which were very much appreciated by no one.

Well on we sped to Camp Hastings. It was just five o'clock when we marched up through the ground, and it was as cold as blazes, but with the pluck and courage of a soldier, the boys greeted it cheerfully. It was not long before it began to snow. Just think, snow! And Oh, what a lively time we had. But there was never a word of complaint uttered by any of the boys. Well, it kept on snowing until we had nearly four inches, then it turned into rain, and nary a stake for a tent had been placed. But with kind words of encouragement from our captain the boys were soon hustling for all they were worth, constructing their tents and it was not long until every tent was up and happiness reigned supreme, and at 7:30 over ten thousand proud sons of America were stationed on the beautiful Mt. Gretna, in Camp Hastings.

NOTES BY THE WAYSIDE.

Miss Lulu Hoy and Walter Glenn, of Altoona, were pleasant callers while we were in Tyrone.

Mr. Thomas Morris, of Tyrone, bid farewell to the boys in blue while we were standing in Tyrone.

Mr. Thad Wesler accompanied Misses Nora and Elma Henderson and Mrs. York, of Warriorsmark, into our car at Tyrone to bid Co. B good bye and wish them success.

Col. Austin Curtin arrived on the grounds this morning.

We expect to move South next Thursday,

Sergeant Major Butler, of Altoona, and Sergeant Alexander, of Co. B, suffered severely from heart failure and so they were compelled to carry their medicines with them, and whenever they would feel the effect of the disease they would take a little sup and so in course of time they were entirely cured. Death of Mrs, Charles Geheret.

Sunday afternoon about 4 o'clock the dread angel of death entered the home of Mr. Charles Geheret on South Potter street, and took hence the spirit of a loving wife and mother, Mrs. Eva Watkins Geheret. She had been ill since the first of January with kidney trouble and although her death was a sad shock to her bereaved husband still it was not unexpected.

The deceased was born at Harrisburg, July 31st 1871, and was therefore 26 years 10 months and 1 day old at time of death. She had been married about ten years and is survived by a husband and one son, Earle. To this bereaved family we extend our heartfelt sympathy in this their hour of dire affliction. The departed one was a kindly, christian lady and a consistent member of the United Brethren church in which faith she died.

The funeral took place Wednesday afternoon. The friends met at the house at 1:30 and then proceeded to the United Brethren church, corner Thomas and High streets where services were conducted at 2 o'clock by Rev. Allen Rhen.

Forty Hours Devotion

Very important services were held this week in St. Johns Roman Catholic church of Bellefonte. They are known as the Forty hour devotion and opened Sunday morning at 8 o'clock and closed Tuesday evening. Rev. Father P. McArdle was assisted in these services by the following priests from a distance: Rev. J. J. Gormoley, of Renova, Rev. Francis McCarthy, of Lock Haven; Rev. James Saas, of Lock Haven; Rev. John Codori, of Lewistown, and Rev. Thomas Fleming, of Snow Shoe.

Father Saas preached Tuesday evening. Very appropriate music was held at each service.

A WONDERFUL DISPLAY.

Ringling Bros.' Gorgeous 30-Section Free Street Parade.

The Ringling Brothers' big show for the season of 1898, which comes to Bellefonte Tuesday May 10 is in all probability the most colossal thing of the kind that has ever traveled. The newspapers everywhere pronounce it the one big show of the universe. The Ringling Bros. have this year added a free, open air spectacular entertainment, which takes place as a grand processional street demonstration, and is a modern and gigantic successor of conventional street parade still a feature with other shows. In discarding the old-time circus pageant and substituting this big new parade the Ringling Brothers introduce something entirely new, novel and worthy of public interest. It is presented in 30 enormous sections' or sub-divisions, each one of which would easily outclass the usual street parade, and combined present a sight, or rather a series of bewilderingly grand scenes, more than three times larger than the combined processional display of any other show in America costing more than ten times as much to produce it, and in beauty and grandeur beyond comparison. Among the 30 sections are representations of all the famed mounted military companies of the world, the elaborate and correct accoutrements, arms and uniforms alone coasting many thousands of dollars. There are scenes of warfare in the Punjaub, huge elephants harnessed to cannons mounted military escorts, native soldiers, guides. attendants and commanders moving on to the encounter with waring tribes. The famous English Derby Day meet is represented in the magnificence of the genuine event by the hundreds of artists and preformers attired as high English society ladies and gentlemen on their way to the Derby races' riding in scores of swell turn-outs of every variety, drawn by the choicest of aristocratic horses. Egyptian caravans in full equipment cross the desert with the wealth of Oriental looms, spices and riches, guides, merchants, guards, horsemen. There are special children's section that outrival in grandeur of equipment and gorgeous golden splendor the most impossible fairy tales. There are ten bands of music and over 400 horses; more than 100 cages, chariots and animal dens, and scores of wild beasts in dens open to public view. the entire representing a sight such as has never before been seen here or elsewhere since the world began.

RALLY FOR STONE.

Pennsylvania's Next Governor Will be here Thursday evening May 12th.

All arrangements have been made to bring to Bellefonte on Thursday evening, May 12th., Pennsylvania's next Governor, William A. Stone, of Allegheny. He will be accompanied by other prominent men from different parts of the state and his party will be met at the depot by delegations of citizens, headed by bands of music.

They will be escorted to the Court house where a big mass meeting will be held. Mr. Stone will speak to the voters of Centre county on issues of the Gubernatorial campaign and the relations of the Spanish American war with the United States Congress. He represents the twenty-third Allegheny district in Congress, is a veteran of the rebellion and an eloquent speaker.

Arrangements are being made to run special trains on the Bellefonte Central, Central Railroad of Pennsylvania, and Pennsylvania Railroads. It is not every day that the people of this vicinity have a chance to hear so distinguished a citizen and they should turn out en mass to welcome him to Bellefonte. The admirers of Col. Stone, and there are many, and those interested in his candidacy, are now making a strenuous effort to make this one of the largest and most enthusiastic meetings ever held in the county.

Large posters have been put up in every town and hamlet, so that the meetings will be well advertised. Special invitations have been sent to all old soldiers of the county to be present. The reception committee who will welcome Col. Stone and his party will be composed of some of the most prominent and influential citizens of our town.

Milesburg Celebrates.

The citizens of Milesburg are in no ways behind other towns in their intense patriotism as was demonstrated by the spontaneous outburst of enthusiasm which took place there Monday night in honor of Commodore Dewey's glorious victory. The streets were thronged with excited people all the evening. Business places and private residences were gaily decorated with flags and bunting. Suddenly without previous arrangement and seemingly without leaders over two hundred citizens formed in line and headed by the Milesburg band they paraded the principal streets of the town. People cheered, cannons roared, bells rang and whistles were blown and excitement reigned supreme. Wallace's displayed three large lights, one red, one white and the other blue, which created much enthusiasm. It was long after midnight before the tired people found rest.

Experimenting with Chestnuts.

C. K. Sober, of Lewisburg, is starting a chestnut orchard on his farm, near Shamokin. He is grafting some choice varieties on native young trees, the tract adjoining the mountain side. He already has about one hundred acres prepared. Last year he began on a tract of some thirty acres. The trees are about a rod apart. He expects returns in three years, each tree likely to yield about a peck from the start. There are one or two large chestnut orchards in the state, started the same way, and are said is be excellent investments. Mr. Sober's experiment will be watched with considerable interest, though it is an assured success.

Ringling Brothers' zoological collection is the finest display of rare and costly wild animals in the United States. The massively carved golden cages in which the animals are exhibited are the most elaborate and expensive ever constructed.

Narrow Escape From Death.

On Saturday afternoon while Robt. Montgomery and George Dolen were engaged in painting at the residence of Wm B. Rankin on East Curtin street, they had a mishap which might have resulted in the death of both. They were painting near the roof and had erected a scaffold 35 feet high. This was not high enough and so a 7 foot step ladder was procured which Montgomery held while Dolen painted. A high wind was prevailing and all at once the scaffold gave away. Montgomery saw the impending danger and gave the alarm to Dolen who barely saved himself by grabbing the comb of the roof and holding on for dear life. Montgomery managed to save himself by catching hold of the window sill and drawing himself in. Dolen however was in a dangerous predicament, there he was dangling in mid air over 40 feet from the ground and fast loosing his hold. *Montgomery* was at a window 10 feet below him but with rare presence of mind he reached out the window as far as he could and called to Dolen to drop. Dolen dropped onto *Montgomery's* shoulder and in that manner was saved. Both were pretty badly frightened and cannot think of their narrow escape without a shudder.

Policemen on Guard.

Bethlehem, Pa. *May* 2. —Thirty special policemen are guarding the ordnance works of the Bethlehem Iron company. None but workmen are permitted to pass the guard line. This guard will be maintained day and night until further notice. The company is rushing on guns and gun carriages for the government and an important shipment will be made the latter part of the week. Tonight two armor plates for the turret of the battleship Kearsarge were shipped to Newport News. The plates weighed seventy tons.

A Patriotic Son of a Veteran.

A Sunbury barber, who is a Son of a Veteran refused to shave a stranger because he made some uncomplimentary reference to the American government and its people. The stranger took of his collar, and seated himself in the chair ready for the shave. The barber proceeded to lather him when he began his tirade upon the Americans. This finally angered the barber, who stepped to the door, flung it open, and commanded the fellow to "git" forthwith, or he would throw him out. The stranger protested, but the barber was obdurate, and the fellow got out with his face full of lather.

—Dewey is evidently one of the worst of those "Yankee pigs."

—The sun hears Yankee Doodle pretty near every hour of his daily trip now.
